

CURRICULUM MAPPING

The box that represents that a course or experience addresses a particular learning outcomes is marked with one or more of the following indicators:

- I Students are introduced to the outcome
- D Students have the opportunity to further develop the outcome
(Some use P (practice) or R (reinforced) to represent this level)
- M Students can demonstrate mastery at the exit level
(Some use D (demonstrate) to represent this level)

	Intended Learning Outcomes				
	LO 1	LO2	LO3	LO4	LO5
	<i>Students will gain knowledge of the history and broad content within the disciplines of kinesiology and health promotion and develop skills to enable the synthesis of concepts within and across disciplines.</i>	<i>Students will develop communication skills (oral and written), interpersonal skills, critical thinking skills, technological skills, and reflective skills necessary to enhance scholarly pursuits and become lifelong learners within the disciplines of kinesiology and health promotion.</i>	<i>Students will perform basic motor skills and patterns and apply a variety of concepts, theories, and methods common to kinesiology and health promotion and become equipped with the skills necessary to bridge the gap between theory and practice.</i>	<i>Students will utilize statistical and measurement concepts (qualitative and quantitative) to assess student/client performance and program effectiveness.</i>	<i>Students will demonstrate professional and ethical decision making skills and civic responsibility when applying knowledge of kinesiology and health promotion.</i>
